

### WINNEBAOG SENDS OUT S. O. S. CALL

Wants Health Officer if Has to Pay His Expenses for Journey.

### AN EPIDEMIC OF TYPHOID

(From a Staff Correspondent.) Lincoln, Sept. 19.—(Special.)—If there is any money to pay traveling expenses, citizens of Winnebago, Neb., will stand good if Dr. Case, state health inspector will come and look over an epidemic of typhoid fever there. E. W. Rossier, cashier of the bank there, has written Dr. Case, telling him that the citizens will stand any expense.

The incident serves to spike some of the claims of democratic efficiency in state government. The fund provided for health purposes for traveling expenses is down to \$5. Dr. Case left the sting and started for Winnebago immediately. He will not ask the citizens to pay his railroad fare.

### Anthrax Precautions.

Eight steers and twenty-three hogs on the farm of C. W. Sprout, five miles from Madison, have died of anthrax, and two dogs in the same neighborhood have also succumbed to the disease, as State Veterinarian Anderson learned when he visited the community. All of the other steers in the herd were vaccinated under his direction. The farm was placed under quarantine and Dr. Anderson advised all dogs be tied up or shot. So far the disease has not developed on neighboring farms.

### Need Dental Surgeons.

Urgent telegrams have been received by Adjutant General Hall from Colonels Everly and Paul of the two Nebraska regiments on the Nebraska border, asking that dental surgeons be appointed for both regiments, as they are badly needed. General Hall is looking around for a couple of dentists who will serve.

### Enforcing Game Laws.

Deputy Game Warden Kent Opp, writing from Falls City, reports to Chief Game Warden Reutenback that E. J. Moeser of that place was fined \$15 and costs for fishing without a license. He also sends word that Sheldon Harris, James and William Pearson, were arrested at Salem for shooting squirrels and paid fines of \$10 and costs, each. Seventeen persons have been prosecuted in the three weeks in Richardson county for infringing the game laws, he declares.

### Power Right of Way.

A hearing was held by the state railway commission Tuesday, on the matters in dispute between the Blue River power company and the Lincoln Telephone and Telegraph company over the location of electric transmission lines on the public highways near to the telephone wires. The controversy involves rights of way from Friend to Fairmont and Geneva.

### Nebraska Troops Call for Dentists

Lincoln, Neb., Sept. 19.—Adjutant General Hall of Nebraska has received telegrams from the colonels of the Nebraska regiments urging that dental surgeons be appointed immediately for service on the border. The Nebraska troops are in need of dental service, according to the telegram. Each regiment is entitled to one dental surgeon. General Hall said he will make the appointments as soon as anyone can be found who will serve.

### Overton Woman Badly Mutilated by Hogs

Overton, Neb., Sept. 19.—(Special Telegram.)—Mrs. Lou Plasterer, wife of George Plasterer, a farmer living five miles northeast of Overton, while out in the hog pen feeding the hogs fainted. When found she had been badly mutilated by the hogs and it is feared that recovery is doubtful.

### Hitchcock's Welcome To Pierce Proves Nearly a Frost

Pierce, Neb., Sept. 18.—(Special.)—If the accounts of Senator Hitchcock's meetings over the state are as exaggerated as the one reported in the Sunday World-Herald of the Saturday night meeting at Pierce, his candidacy is surely in bad shape. When the description of the meeting was read here Sunday afternoon the republicans hooted with laughter, while the democrats admitted the senator's special reporter had drawn greatly on his imagination.

The article says, "Pierce did herself proud in welcoming the senator, and, when the automobile swung into the main street, there was in view a big banner, 'Welcome to Pierce.' Now the facts are there was little if any interest in the coming of the silk stocking senator. The banner was in place the night before to welcome a picnic of the 'Farmer's Unions of Pierce county,' held at the fair grounds at Pierce on Saturday.

The correspondent says automobiles, buggies and wagons lined the main street leaving only a narrow lane for the speakers' vehicle to pass. All automobiles are parked in the middle of the street in Pierce every day, and the automobiles spoken of were those of farmers attending the picnic, and the farmers and their families were at the fair grounds enjoying a good time, instead of being in town to greet the senator, as the correspondent would have his readers believe. The correspondent says the hall was filled to its capacity, more wanting to be admitted. There were less than 100 voters present, and with the women there probably were 120 people gathered to hear the speaker. At no time was there anyone on the outside waiting to get in.

The speaker lauded President Wilson all through his talk, which did not set well in this community where many democrats have announced they will support Hughes. One democrat after the meeting said, "the senator must think the people of Pierce county do not read. They remember that Hitchcock bitterly fought President Wilson in congress during the first two years of his administration, and they wonder now why he is so earnestly supporting the president." It is clear the senator did not help himself during his visit to Pierce.

### Laborer is Charged With Theft of Car

Broken Bow, Neb., Sept. 19.—(Special.)—David Brott, a farm laborer, has been arrested by Sheriff Wilson, charged with stealing a Ford car from Gene Vian, who lives near Arnold. Brott had been working for John Eddy near Arnold, but left there and went over to the Vian place. Vian was not at home and it is alleged Brott took the car and made off with it. The sheriff found the car about two miles from where it was stolen, disabled. Neighbors said Brott had hired them to drive him to Merna and the sheriff found his man at that place Sunday. Brott was brought to Broken Bow and placed in jail. When questioned by the county attorney he admitted he had taken the car and that he did it in order to save himself from walking so much. The hearing will come up after the present term of district court, which is in session this week, with Judge Hostetter presiding.

### Hamilton County Jury is Challenged

Aurora, Neb., Sept. 19.—(Special.)—Judge E. E. Good began session of September term of district court yesterday and a large number of cases have been set for trial. Some objection was raised today to the jury which was chosen several days ago because the county commissioners did not select the names fifteen days before the sitting of the court. ### Alkali in Soap Bad For the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulitised cocoanut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulitised cocoanut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Adv.
